

PROBLEMI DI TRACCIATURA

Perpendicolare alla metà del segmento

video di spiegazione

NOME COGNOME

CLASSE

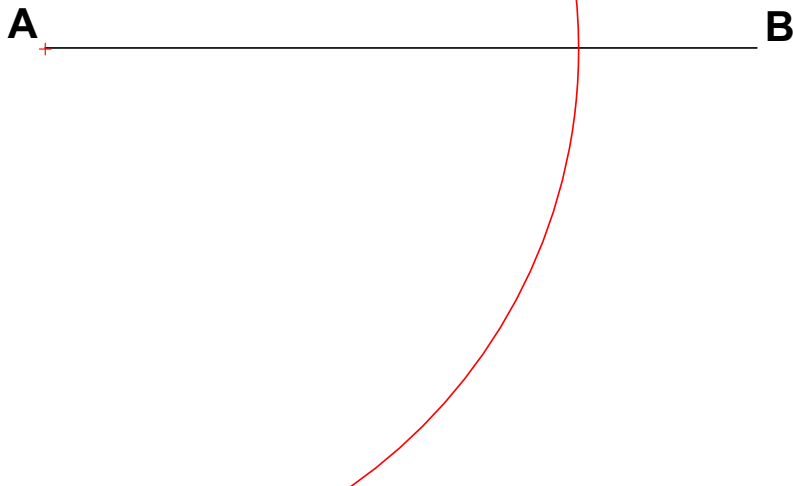

DATA

TAV.

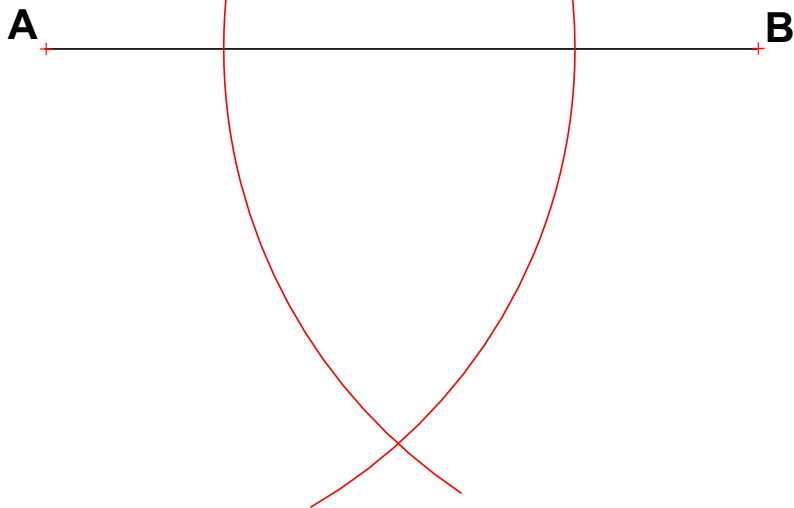

Tracciare un segmento di lunghezza a piacere e nominare i suoi estremi con le lettere A e B.

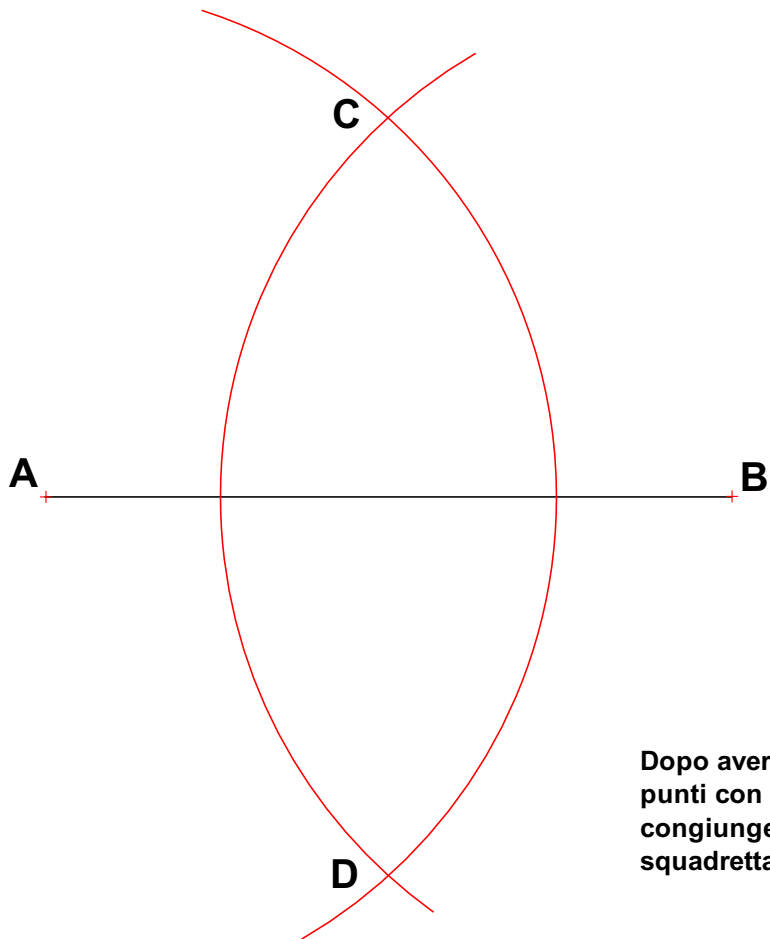

A _____ **B**

**Puntare il compasso nel punto A e
con apertura un po' più della metà
del segmento, tracciare un arco**

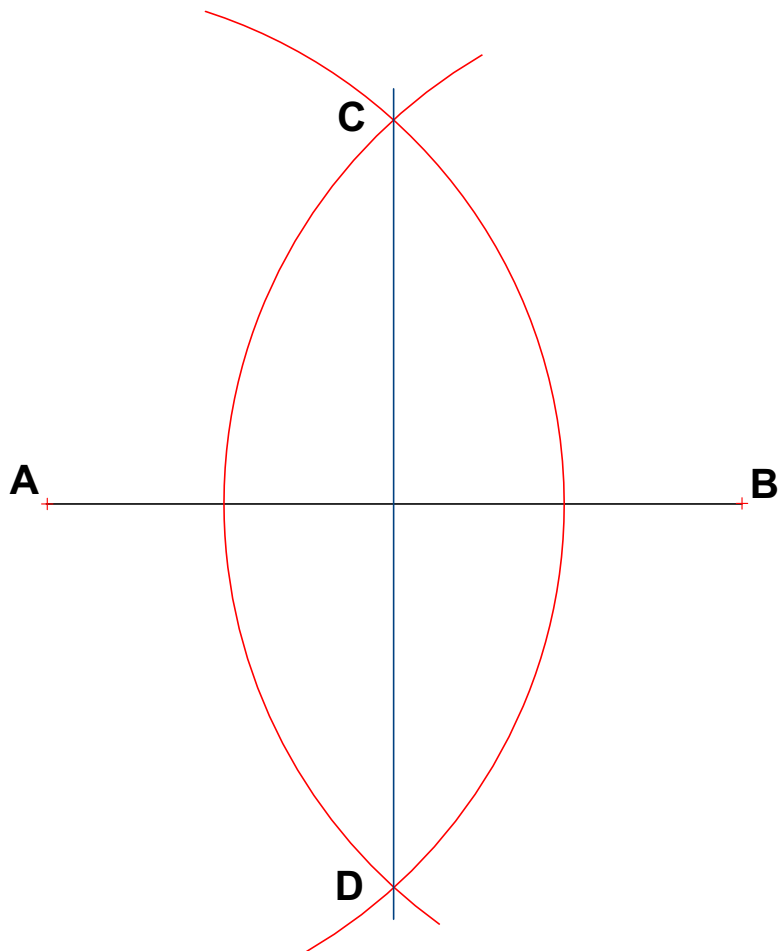

**Con la stessa misura,
puntare il compasso in B e
tracciare il secondo arco**

**Dopo aver nominato i nuovi
punti con le lettere C e D,
congiungerli con una
squadretta.**
